

MUFFATHALLE

10:00 **InsurTech / Blockchain**

- 12:00 **Introduction**

- Dr. Florian Mann, CEO Werk1

Keynotes

- Bob Crozier, Head of Blockchain Center of Competence, Allianz: Keynote Blockchain

- Marc Stiller, Senior Venture Architect, Deloitte Digital: Keynote AI@Insurance

- Keynote AI@Insurance

Panel: Digitization + Innovation @Insurance

- Moderator: Dr. Florian Mann, Werk1

- CodeCamp:N, Dominik Schön

- ARAG Health Insurance, Nicolas Pörtl

- Die Bayerische, Johannes Kestel

- Cosmos Direkt, Marco Kallenborn

- Allianz, Hendrik Schulz

Tech Use Cases @Insurance (inkl. Live Demo)

- Fair Fleet, Dario Manns

- Munich Re, Roman Bügler

12:00 **Startup Pitching Session 1**

LUNCH

LUNCH

13:20 **Startup Pitching Session 2**

14:45 **Robotics**

- 15:15 **Tech Talk:** Futurice, Antti Partanen: Robots with a purpose - How social robots with human-centered design create value)

- **Tech Talk:** AGCO, Dr. Benno Pichlmaier

15:15 **Cyber Security / Threat Intelligence**

- 16:15 **Tech Talk:** Microsoft, Michael Kranawetter

- **Tech Talk:** Digital Shadows, Nadim Khater

- **Tech Talk:** finally save, Dominique Petersen

- **Tech Talk:** Endace Europe, Rob Earley: Staying ahead of emerging threats - How to stay off the front page of the WSJ – a showcase from the Financial Services Industry)

- **Tech Talk:** RadarServices, Hassan Marzouk

16:15 **Information Security**

- 17:30 **Tech Talk:** Siemens, Ingo Susemihl: Charter of Trust for a secure digital world

- **Tech Talk:** AISEC, Martin Striegel: Secure and effortless cryptographic key distribution for sensor networks

- **Tech Talk:** Zentrum für Telematik, Prof. Dr. K. Schilling: Secure Communication by Quantum Key Distribution via Satellite

- **Tech Talk:** Unicon, Dr. Ralf Rieken: Sealed processing – ultimate security for outsourced applications

- **Tech Talk:** G+D Mobile Security, Dr. Stephan Spitz: 5G

Tech Talks and Innovation Projects

17:30 **Tech Talk:** Nokia, Volker Held: 5G

- 19:00 **Tech Talk:** G+D, Dr. Philipp Schulte: Quantum Computing

- **Innovation Project:** Fraunhofer Leistungszentrum, Prof. Dr. Georg Sigl

- **Tech Talk:** startup to corporate, Dr. Thomas Wenzel: The step on the way to digitization - starting with a task

- **Tech Talk:** Senvisys, Houssam El Moutaouakil: Unlock the inaudible - Digitizing and understanding acoustic signals

AMPERE

09:00 **Grußwort:** Georg Eisenreich, Staatsminister Europa, Medien, Digitales

Opening Keynote 1: Markus Haas, CEO Telefónica Deutschland

Opening Keynote 2: Carsten Ahrens, CEO G+D Mobile Security

10:00 **Digital Identity Management**

- 11:00 Use Case: G+D Mobile Security, Thorsten Roeske and Infineon, Ren Sun: Wearables - your next Identity?

Panel

- Moderator: Veridos, Dr. Silke Bargstädt-Franke

- Verimi, Johannes Forster

- G+D Mobile Security, Rüdiger Vogt

- ID Now, Armin Bauer

- Key, Maximilian Möhring

- Bundesdruckerei, Dr. Andreas Wolf

11:00 **Digital Transformation / Innovation Management**

- 12:30 - Centigrade, Dr.-Ing. J. Niesenhaus, C. Lutsch: Gamification

- ITQ, Dr. Rainer Stetter: Innovation Education

- Different, Martin Opercan: Bridging the Death Valley of Innovation

- Ultimius, Carsten Neumann

- Impulse: startup to corporate, Dr. Thomas Wenzel

Panel: Digital transformation – a challenge for corporations

- Moderator: WBX Ventures, Willem Bulthuis

- Oracle, Dr. Kiarash Keshavarzi

- LMU Entrepreneurship Center & German Entrepreneurship GmbH, Andy Goldstein

- Flare, Henning Helmbrecht

- IBM Global Business Services (GBS), Stephan Osthus

- High-Tech Gründerfonds, Lucille Bonnet

LUNCH

LUNCH

13:15 **Smart City**

- 13:45 **Tech Talk:** Siemens, Jenny Bofinger-Schuster: The future belongs to innovators – Siemens smart cities

- **Tech Talk:** SWM, Brigitte Ecker: Data Analytics for Public transport and Utility sector

13:45 **Smart Mobility**

- 15:30 **Tech Talk:** Automotive Cluster, Dr. A. Böhm: The EcoSystem Highly Automated Driving - Innovation Pitch: TU Delft and University of Amsterdam, Prof. Dariu M. Gavrila

- **Tech Talk:** Blickfeld, Florian Petit: LiDAR environment perception for autonomous mobility

- **Tech Talk:** DB Regio, Dr. Thomas Huber: Autonomous shuttles and their role in public transportation - Today and tomorrow. Pilot project Bad Birnbach

- **Tech Talk:** Elektromobilität Bayern, Dr. Johann Schwenk: Innovativ Mobility Systems

- **Tech Talk:** Smarter Together, Franziska Meier: Smarter Together Project

- **Tech Talk:** Drive Now, Eike Sommer

- **Tech Talk:** SWM, Martin Sauer

15:30 **IoT and Healthcare**

- 16:40 **Impulse Speech,** MOIO, Jürgen Besser

- **Impulse Speech,** Portables HealthCare Technologies, Ralph Steidl

- **Impulse Speech,** Siemens Healthineers, Thomas Friese

- **Impulse Speech,** Friedrich Alexander University Erlangen-Nuremberg, Prof. Oliver Amft

Panel:

- Moderator: Dr. Kurt Höller

- Jürgen Besser, MOIO

- Ralph Steidl, Portables HealthCare Technologies,

- Dr. Thomas Friese, Siemens Healthineers,

- Prof. Oliver Amft, Friedrich Alexander University Erlangen-Nuremberg (FAU)

16:45 **Data Analytics**

- 18:30 **Tech Talk:** THD Deggendorf, Dr. habil. Robert Hable: What machine learning can do

- **Tech Talk:** Axel Springer, Dr. M. Holzgraefe: Strategic Role of Data Analytics in Digital Media Services

- **Tech Talk:** Rhebo, Stefan Sebastian: IIoT Network Anomaly Examples that Increase Risk and Decrease Plant Productivity

- **Tech Talk:** G+D Currency Technology, Dr. Roland Assam

- **Tech Talk:** logarithmo, Felix Friemann: Corporate AppStore for data analytics application

- **Tech Talk:** Service Pro, Andrea Ahlemeyer-Stubbe

- **Tech Talk:** Conslin, Dr. Dirk Schachtner

STUDIO I

09:30 - 12:30

UK-German

Smart Factory Summit

- BMW Group, Christian Patron

- Fujitsu, Frank Blaimberger

- Siemens, Lasse Kleinjohann

- VDMA, Dr. Thomas Kinkeldei

- Vodafone, Paul Haigh

- Digital Catapult, Dr Nick Wright

- Flexciton, Luke Watkins

- Metis Labs, Alex Appelbe

- Senseye, Alex Hill

LUNCH

13:15 - 15:45

Symposium Deep Learning and Artificial Intelligence

- Moderator: Dr. Ullrich Martini, G+D Mobile Security

- LMU Munich, Prof. Thomas Seidl: Big Data Science

- Katholieke Universiteit Leuven: Prof. J. Davis: Semi-Supervised Anomaly Detection

- IBM, Cristiano Malossi, PHD, Scalable NN architecture search based on performance estimation

- TU Delft, Prof. Dariu M. Gavrila

- TU Munich, Prof. Sami Haddadin

- Amazon Web Services, B. Dorn

15:45 - 17:30

Showcases AI

- UnternehmerTUM, Dr. Andreas Liebl: appliedAI Initiative

- Linde, Dr. Stefan Lenz: AI based products - cultural challenges for traditional companies

- EO.N, Dr. Juan Bernabé-Moreno: How Artificial Intelligence is making our energy more human

- Telefónica, Dr. Florian Wilken: AI/ Data Analytics

- ExB, Philipp Schäfer: How platform AI-solutions can boost medical research, insurance efficiency and personalized driving

- Omega Lambda, Dr. T. Peters: Physical Analytics Approaches for Industry 4.0 - How to beat AI for many practical use cases

- SentiOne, Marek Cynowski: The Future of Digital Communication with Artificial Intelligence

17:30- 18:30

IHK Roundtable on IT Security

Moderator: Bernhard Kux, IHK für München und Oberbayern auf Deutsch!

STUDIO II

10:00 - 12:00

ITQ - Coding für Kinder

11:15 - 12:00

Live Hacking

sic[!]sec Ralf Reinhardt

12:00 - 12:30

Workshop Blockchain:

TU München, Prof. Rudolf Bayer auf Deutsch!

LUNCH

13:30 - 14:00

Workshop Seed Financing – Tips and tricks

High-Tech Gründerfonds, Lucille Bonnet

14:00 - 14:30

Workshop: How to use Artificial Intelligence to take customer communication to the next level

SentiOne

14:30 - 15:15

Live Hacking

sic[!]sec Ralf Reinhardt

15:30 - 16:30

Personality Coaching Round 1: Coaching to the Moon! - by Hammer! Coaching

Coaching to the Moon! - by Hammer! Coaching

16:30 - 17:30

Personality Coaching Round 2: Coaching to the Moon! - by Hammer! Coaching
